prenatal treatment of chorioangioma by microcoil embolisation 70
prospective study of role of ultrasound in management of adnexal masses in pregnancy 578
randomised, double-blind, placebo-controlled trial of corticosteroids for treatment of hyperemesis gravidarum 88
risk of hydatidiform mole and subsequent pregnancy outcome following complete or partial hydatidiform molar pregnancy 22
serum cystatin C reflects glomerular endotheliosis in normal, hypertensive and pre-eclamptic pregnancies 825
severe acute respiratory syndrome and pregnancy 641
thyroid hormone resistance and pregnancy 633
direct current cardioversion during pregnancy 713
ectopic *see* Ectopic pregnancy
first trimester
screening for chromosomal abnormalities in first trimester using ultrasound and maternal serum biochemistry in a one-stop clinic: review of three years prospective experience 281
screening for trisomy 21 in twins using first trimester ultrasound and maternal serum biochemistry in a one-stop clinic: review of three years experience 276
should an ectopic pregnancy always be diagnosed using transvaginal ultrasonography in the first trimester prior to surgery 958
maternal long chain polyunsaturated fatty acid levels at term and relation to onset of labour and duration of pregnancy: pilot study 962
multiple *see* Multiple pregnancy
outcome
birth outcomes: utility values that postnatal women, midwives and medical staff express 121
outcomes of pregnancies in women with type 1 diabetes in Scotland: national population-based study 315, 966
pregnancy outcome in severe placental abruption 679
randomised controlled trial of educational counselling on management of women who have suffered suboptimal outcomes in pregnancy 853
risk of hydatidiform mole and subsequent pregnancy outcome following complete or partial hydatidiform molar pregnancy 22
usefulness of ultrasound assessment of amniotic fluid in predicting adverse outcome in prolonged pregnancy: prospective blinded observational study 989
prevalence of domestic violence in pregnant women 272
prolonged, usefulness of ultrasound assessment of amniotic fluid in predicting adverse outcome in prolonged pregnancy: prospective blinded observational study 989
second trimester
maternal serum activin, inhibin, human chorionic gonadotrophin and α-fetoprotein as second trimester predictors of pre-eclampsia 46
'pure' pre-eclampsia before 20 weeks of gestation: a unique entity 1034
third trimester
placental edge to internal os distance in late third trimester and mode of delivery in placenta praevia 860
serum profile of isosorbide mononitrate after vaginal administration in third trimester 64
twin *see* Twin pregnancy
see also Fetus; Labour and delivery
Pregnancy-associated plasma protein A, influence of smoking on pregnancy-associated plasma protein A, free β human chorionic gonadotrophin and nuchal translucency 664
Prenatal diagnosis
prenatal diagnosis of fetal bowel obstruction complicated by *in utero* acute intestinal perforation 335
prenatal diagnosis of Wolf-Parkinson-White syndrome by fetal magnetocardiography 710
Prenatal screening
antenatal screening for human platelet antigen-1a: results of prospective study at a large maternity hospital in Ireland 492
cervical length assessment by ultrasound as predictor of preterm labour: is there a role for routine screening S61
fetuses with Down's syndrome detected by prenatal screening are more likely to abort spontaneously than fetuses with Down's syndrome not detected by prenatal screening 18
screening for chromosomal abnormalities in first trimester using ultrasound and maternal serum biochemistry in a one-stop clinic: review of three years prospective experience 281
screening for trisomy 21 in twins using first trimester ultrasound and maternal serum biochemistry in a one-stop clinic: review of three years experience 276
women's attitudes of HIV screening in pregnancy in area of low prevalence 145
Progesterone
differential expression of oestrogen receptors, progesterone receptors, Bcl-2 and Ki67 in endometrial polyps 794
elafin and secretory leukocyte protease inhibitor (SLPI) are differentially regulated by progesterone 960
Prostaglandins, randomised comparison of oral misoprostol and vaginal prostaglandin E_2 tablets in labour induction at term 963
Protein kinase, protein kinase a expression in human myometrium 482
Prothrombin, absence of factor V Leiden, thrombomodulin and prothrombin gene variants in Black South African women with pre-eclampsia and eclampsia 327
Psychological distress, increased vaginal bleeding and psychological distress: longitudinal study of their relationship in the community 548
Psychophysiology, sexual psychophysiology and effects of sildenafil citrate in oestrogenised women with acquired genital arousal disorder and impaired orgasm: randomised controlled trial 1014
Psychosocial factors, socio-economic and psychosocial factors in management and prevention of preterm labour S56
Puerperium
acceptability of urinary continence promotion programme to women in postpartum 188
birth outcomes: utility values that postnatal women, midwives and medical staff express 121
diaphragmatic hernia: an unusual cause of postpartum collapse 701
fatal puerperal sepsis with necrotising fasciitis due to *Streptococcus pneumoniae* 213
postnatal depression, IDentify, Educate and Alert (IDEA) trial: intervention to reduce postnatal depression 842
postnatal morbidity after childbirth and severe obstetric morbidity 128
postnatal quality of life assessment: validation of the Mother-Generated Index 865
symphyseal diastasis and vestibulal rupture during spontaneous vaginal delivery 630
use of thromboelastography to assess haemostatic function in postpartum women 960

Quality of life
development of questionnaire to measure severity of symptoms and quality of life before and after surgery for stress incontinence 983
postnatal quality of life assessment: validation of the Mother-Generated Index 865

Radioimmunoscintigraphy, radioimmunoscintigraphy with Tc-99m-labelled SM3 in differentiating malignant from benign adnexal masses 508
Raloxifene, multicentre randomised trial to compare uterine safety of raloxifene with continuous combined hormone replacement therapy containing oestradiol and norethisterone acetate 157
Reproductive healthcare, pathways to evidence-based reproductive healthcare in developing countries 500
Retroperitoneal fibrosis, retroperitoneal fibrosis localised to pelvis imitating gynaecologic tumour 224
Rhesus factor, pharmacokinetics of anti-D IgG in pregnant RhD-negative women 39
Risk factors, occupational risk of *Pasteurella multocida* septicaemia and premature labour in a pregnant vet 780
Ritodrine, *in vitro* effect of dual combinations of ritodrine, nicardipine and atosiban on contractility of pregnant rat myometrium 731

Sacrocolpopexy
lumbosacral spondylodiscitis: an unreported complication of sacrocolpopexy using mesh 537
triple compartment prolapse: sacrocolpopexy with anterior and posterior mesh extensions 323
Sacrohysteropexy, sacrohysteropexy with synthetic mesh for management of uterovaginal prolapse 84
Secretory leukocyte protease inhibitor, elafin and secretory leukocyte protease inhibitor (SLPI) are differentially regulated by progesterone 960
Severe acute respiratory syndrome
effect of severe acute respiratory syndrome on hospital obstetrics and gynaecology service 643
severe acute respiratory syndrome and pregnancy 641
Sexual assault, the Haven: a pilot referral centre in London for cases of serious sexual assault 267
Sexual desire, rethinking low sexual desire in women 357
Sildenafil, sexual psychophysiology and effects of sildenafil citrate in oestrogenised women with acquired genital arousal disorder and impaired orgasm: randomised controlled trial 1014
Silver-Russell syndrome, detailed FISH analyses of Silver-Russell syndrome (SRS) patients with cytogenetic disruptions of chromosome 7p11.2-p13 define a candidate region for SRS 481
Smoking
are smoking and other lifestyle factors associated with female urinary incontinence: the Norwegian EPINCONT Study 247
influence of smoking on pregnancy-associated plasma protein A, free β human chorionic gonadotrophin and nuchal translucency 664
Socio-economic factors
association of socio-economic position across the life course and age at menopause: the British Women's Heart and Health Study 1078
socio-economic and psychosocial factors in management and prevention of preterm labour S56
Sterilisation
incidence of sterilisation in the UK 819
use of video information in obtaining consent for female sterilisation: a randomised study 1062
Stillbirth
avoidable stillbirths and neonatal deaths in rural Tanzania 616
impact of rising caesarean rate on stillbirths in Merseyside 964
Streptococcus pneumoniae, fatal puerperal sepsis with necrotising fasciitis due to *Streptococcus pneumoniae* 213
Stress incontinence *see* Incontinence
Surgery
development of national database of results of surgery for urinary incontinence in women 975
development of questionnaire to measure severity of symptoms and quality of life before and after surgery for stress incontinence 983
see also individual procedures
Surveys
choices about abortion method: assessing quality of patient information leaflets in England and Wales 263
development of questionnaire to measure severity of symptoms and quality of life before and after surgery for stress incontinence 983
development and validation of questionnaire for assessment of bowel and lower urinary tract symptoms in women 413
prevalence of domestic violence in pregnant women 272
scoring system for assessment of bowel and lower urinary tract symptoms in women 424
Symphysiotomy
symphysiotomy: a lifesaving procedure 219
value of symphysiotomy 787

Taurocholate, dexamethasone and ursodeoxycholic acid protect against the arrhythmogenic effect of taurocholate in an *in vitro* study of rat cardiomyocytes 467
Tension free vaginal tape
cost-utility analysis of tension-free vaginal tape *versus* colposuspension for primary urodynamic stress incontinence 255
postural perineal pain associated with perforation of lower urinary tract due to insertion of tension-free vaginal tape 79
tension free vaginal tape procedure is successful in majority of women with indications for surgical treatment of urinary stress incontinence 89
Teratogenicity, case-control study of teratogenic potential of thiethylperazine, an anti-emetic drug 497
Thiethylperazine, case-control study of teratogenic potential of thiethylperazine, an anti-emetic drug 497
Thrombin, PAR function in human pregnant myometrium: effects of thrombin and specific PAR-1 agonist and antagonist 962
Thromboelastography, use of thromboelastography to assess haemostatic function in postpartum women 960
Thrombomodulin, absence of factor V Leiden, thrombomodulin and prothrombin gene variants in Black South African women with pre-eclampsia and eclampsia 327
Thromboprophylaxis, danaparoid thromboprophylaxis in pregnant women with heparin-induced thrombocytopenia 466
Thrombotic thrombocytopenic purpura, case of thrombotic thrombocytopenic purpura and neonatal alloimmune thrombocytopenia in the same pregnancy 533
Thyroid hormone, thyroid hormone resistance and pregnancy 633
Thyroid hormone deiodinase, early expression of thyroid hormone deiodinases and receptors in human fetal cerebral cortex 478
Tocolysis
case for tocolysis in threatened preterm labour S99
development and introduction of anti-oxytocic tocolytics S108

Toxoplasmosis, effect of timing and type of treatment on risk of mother to child transmission of *Toxoplasma gondii* 112
Trachelectomy, actinomyces on papanicolaou smear following radical trachelectomy 1036
Tractocile, exploring the role of Tractocile in everyday clinical practice S113
Training
evaluation of distance interactive learning in obstetrics and gynaecology (DIALOG) 356
systematic review of training in acute obstetric emergencies 837
virtual reality laparoscopic simulator for assessment in gynaecology 181
Trophoblastic disease, risk of hydatidiform mole and subsequent pregnancy outcome following complete or partial hydatidiform molar pregnancy 22
Tuberculosis, peritoneal tuberculosis revealed by carcinomatosis on CT scan and uptake at FDG-PET 1129

Twin pregnancy
creation of twin centile curves for size 710
doppler assessment in multiple pregnancy randomised controlled trial of ultrasound biometry *versus* umbilical artery Doppler ultrasound and biometry in twin pregnancy 593
early onset discordant growth in successful monochorionic twin pregnancy 473
massive obstetric haemorrhage resulting from conservatively managed cervical pregnancy at delivery of its twin 956
screening for trisomy 21 in twins using first trimester ultrasound and maternal serum biochemistry in a one-stop clinic: review of three years experience 276
selective termination of a twin pregnancy as treatment of severe pre-eclampsia 68
twin pregnancy in each half of uterus didelphys with delivery interval of 66 days 331

Ultrasound
biometry, doppler assessment in multiple pregnancy randomised controlled trial of ultrasound biometry *versus* umbilical artery Doppler ultrasound and biometry in twin pregnancy 593
cervical length assessment by ultrasound as predictor of preterm labour: is there a role for routine screening S61
Doppler
Doppler assessment in multiple pregnancy randomised controlled trial of ultrasound biometry *versus* umbilical artery Doppler ultrasound and biometry in twin pregnancy 593
randomised comparison of uterine artery Doppler and aspirin (100 mg) with placebo in nulliparous women: the Essai Régional Aspirine Mère-Enfant study (Part 2) 485
prospective study of role of ultrasound in management of adnexal masses in pregnancy 578
saline contrast hysterosonography in abnormal uterine bleeding: systematic review and meta-analysis 938
screening for chromosomal abnormalities in first trimester using ultrasound and maternal serum biochemistry in a one-stop clinic: review of three years prospective experience 281
screening for trisomy 21 in twins using first trimester ultrasound and maternal serum biochemistry in a one-stop clinic: review of three years experience 276
should an ectopic pregnancy always be diagnosed using transvaginal ultrasonography in the first trimester prior to surgery 958
usefulness of ultrasound assessment of amniotic fluid in predicting adverse outcome in prolonged pregnancy: prospective blinded observational study 989
Umbilical cord
assessment of fetal liver volume and umbilical venous volume flow in pregnancies complicated by insulin-dependent diabetes mellitus 1007
beta-3 adrenoceptor: human myometrial expression, selectivity and effects on umbilical artery resistance 479
gene expression of nitric oxide synthase by human umbilical vein endothelial cells: effect of fetal plasma from pregnancy with umbilical placental vascular disease 53
Urethra, objective assessment of bladder neck elevation and urethral compression at colposuspension 395
Urinary tract
anatomical and functional changes in lower urinary tract following spontaneous vaginal delivery 658
development and validation of questionnaire for assessment of bowel and lower urinary tract symptoms in women 413
evaluating ambulatory urodynamics: prospective study in asymptomatic women 83
matrix metalloproteinase activity elaborated by bladder biopsies from patients with interstitial cystitis and sensory urgency 475
postural perineal pain associated with perforation of lower urinary tract due to insertion of tension-free vaginal tape 79
reproducibility and reliability of pressure flow parameters in women 774
scoring system for assessment of bowel and lower urinary tract symptoms in women 424
see also Bladder; Incontinence
Urine samples, assessing urinary albumin excretion in pre-eclamptic women: which sample to use 12
Urodynamics, reproducibility and reliability of pressure flow parameters in women 774
Ursodeoxycholic acid, dexamethasone and ursodeoxycholic acid protect against the arrhythmogenic effect of taurocholate in an *in vitro* study of rat cardiomyocytes 467
Uterus
beta-3 adrenoceptor: human myometrial expression, selectivity and effects on umbilical artery resistance 479
effect of metabolic inhibition on uterine contractions and intracellular calcium 961
effect of uterine artery embolisation on menstrual blood loss and uterine volume 960
effects of metabolic inhibition on intracellular calcium and contractility of human myometrium 1050
effects of a progesterone metabolite, 5β-dihydroxyprogesterone, on oxytocin receptor binding in human myometrial membranes 589
endometrial laser intrauterine thermotherapy for treatment of dysfunctional uterine bleeding 92
FE 200 440: selective oxytocin antagonist on the term-pregnant human uterus 1025
fibroids
case of failed fibroid embolisation due to unusual vascular supply 782
cost effectiveness of pre-operative gonadotrophin releasing analogues for women with uterine fibroids undergoing hysterectomy or myomectomy 713
laparoscopic myomectomy during pregnancy resulting in septic necrosis of myometrium 876
laparoscopic myomectomy for fibroids penetrating uterine cavity: is it a safe procedure 236
successful myomectomy following infected ischaemic necrosis of uterine fibroids after uterine artery embolisation 704
uterine artery embolisation for symptomatic fibroids: clinical results in 400 women with imaging follow up 1139
in vitro effect of dual combinations of ritodrine, nicardipine and atosiban on contractility of pregnant rat myometrium 731
longitudinal quantification of uterine artery blood volume flow changes during gestation in pregnancies complicated by intrauterine growth restriction 301
massive vault necrosis with bladder fistula after uterine artery embolisation 215
multicentre randomised trial to compare uterine safety of raloxifene with continuous combined hormone replacement therapy containing oestradiol and norethisterone acetate 157
myometrial microvascular endothelial cells express oxytocin receptor 149
myometrial and placental artery reactivity alone cannot explain reduced placental perfusion in pre-eclampsia and intrauterine growth restriction 909
PAR function in human pregnant myometrium: effects of thrombin and specific PAR-1 agonist and antagonist 962
paracrine oxytocin and oestradiol during pregnancy and parturition in human intrauterine tissues 483
primary extranodal CD8 positive epitheliotropic T-cell lymphoma arising in a leiomyoma of the uterus 527
prolapse, sacrohysteropexy with synthetic mesh for management of uterovaginal prolapse 84
prolapse of uterine tube after subtotal hysterectomy 333
protein kinase a expression in human myometrium 482
randomised comparison of uterine artery Doppler and aspirin (100 mg) with placebo in nulliparous women: the Essai Régional Aspirine Mère-Enfant study (Part 2) 485
recombinant activated factor VII (rFVIIa): a new management option in life threatening uterine haemorrhage 963
saline contrast hysterosonography in abnormal uterine bleeding: systematic review and meta-analysis 938
twin pregnancy in each half of uterus didelphys with delivery interval of 66 days 331

uterine rupture in primigravida with misoprostol used for induction of labour 217

Vacuum aspiration, viable alternative to surgical vacuum aspiration: repeated doses of intravaginal misoprostol over 9 hours for medical termination of pregnancy up to eight weeks 175
Vagina
changes in vaginal flora after 2clindamycin vaginal cream in women at high risk of preterm birth 788
colonisation of extragenital sites by *Candida* in women with recurrent vulvovaginal candidosis 934
massive vault necrosis with bladder fistula after uterine artery embolisation 215
prolapse, sacrohysteropexy with synthetic mesh for management of uterovaginal prolapse 84
transvaginal tamponade for intra-operative pelvic haemorrhage in gynaecological oncology patients 707
triple compartment prolapse: sacrocolpopexy with anterior and posterior mesh extensions 323
Vasa praevia, magnetic resonance imaging of vasa praevia 1127
Venous thromboembolism, low molecular weight heparin (dalteparin) for treatment of venous thromboembolism in pregnancy 139
Video, use of video information in obtaining consent for female sterilisation: a randomised study 1062
Vulva
cancer, sebaceous carcinoma of vulva 227
colonisation of extragenital sites by *Candida* in women with recurrent vulvovaginal candidosis 934
intraepithelial neoplasia (VIN), clinical responses in women with high grade vulva intraepithelial neoplasia (VIN) vaccinated with a recombinant vaccinia virus encoding human papillomavirus (HPV 16/18) oncoproteins 482
venous malformations of vulva 92
vulval cytomegalovirus coexisting with herpes simplex virus in patient with human immunodeficiency virus infection 1123

Werner's syndrome, pregnancy complicated by Werner's syndrome 635
Wolf-Parkinson-White syndrome, prenatal diagnosis of Wolf-Parkinson-White syndrome by fetal magnetocardiography 710
